March 2014

The third and final Indistar monitoring date for the 2013-14 school year is April 30, 2014.

Please remember that you need to update at least three active Indistar objectives by adding a task, updating a task, and/or adding narrative. We are asking that your three active Indistar objectives be updated during the month of April, so that they communicate your school's progress for the year.

The DPI requirements for Indistar objectives remain the same:

- If you are an elementary school: One of your active objectives must align to PBIS and one must align to Rtl.
- If you are a middle or high school: One active objective must align to Rtl, one must align to PBIS, and one must align to EWS.
